ADOBE DELI BAR

HAVE NO FEAR THE BEER IS HERE

Ask the bartender what draft beers we have.
We rotate them during the seasons.

We aim to please here at Adobe Deli. If you have a big group of folks planning to eat and party with us, give Van a week's notice and we can pretty much customize a menu for your taste buds. That includes rattlesnake rattles and those always popular possum chips.

Horses dogs and children are to be kept outside, unless the children are willing to bus tables.

Your meal may not be what you expected, but its what Van thought you damn well need. Visitors to the kitchen will be charged 20% extra.

Because each meal is made with special care, it may take time. Sit back, relax, and enjoy the excitement and unexpected of the Adobe Deli.
